

## Lab Task - 4

Write the following classes:

Write a class **Start** that contains the `main()` method. Inside the `main()` create two objects of **Burger** and two objects of **Pizza**. Illustrate the purpose of all the methods and constructors.

*[Note: Choose the access modifiers wisely]*

### Lab Task Submission Guidelines:

1. Keep all the .java files in a folder.
2. Zip the folder.
3. Rename the folder according to your Id. For example: if your id is 12-21219-2, your folder name MUST be 12-21219-2\_LT\_4.
4. Upload the zipped folder.
5. Submission deadline is "Exam Week Day 5, 3:00pm".
